An act to add Article 4 (commencing with Section 55650) to Chapter 4 of Part 2 of Division 2 of Title 5 of the Government Code, and to amend Sections 17041.5 and 19533 of, to add Section 99.3 to, and to add Part 10.1 (commencing with Section 18201) to, the Revenue and Taxation Code, relating to local government.

## LEGISLATIVE COUNSEL'S DIGEST

AB 1690, as amended, Leno. Public safety finance agencies.

Under existing law, local fire protection, police, and emergency medical services may be provided by, among other entities, a fire protection district, a fire department or company organized in an unincorporated town, a fire department established by a city or county, a police protection district, a city police department, a county sheriff, a county hospital, or a designated facility, as defined.

This bill would authorize any county or city and county to form a public safety finance agency, as specified, for the purpose of financing supplemental fire protection, police and sheriff, and specified medical services, and financing needed capital improvements for providers of these services, as specified.

Existing law provides that, with the exception of a business license tax, a city, county, city and county, or any other local entity may not impose or collect a local income tax.

This bill would authorize any county or city and county that forms a public safety finance agency to levy a local general income tax, if that tax is approved by a majority of the voters voting on that tax. This bill would require the Franchise Tax Board (FTB) to administer and collect these local income taxes and require the board to transmit the revenues derived from these taxes within 60 days of collection. This bill would ~~also authorize~~ *require a county or city and county that imposes a local income tax to enter into an agreement with the FTB to deduct* ~~allow the FTB to recover its costs, including start-up costs, in collecting administering the tax prior to transmitting the revenues to the imposing local entity.~~ This bill would require the county auditor to allocate income tax revenues to the county and to cities in the county according to a specified formula.

This bill would also require the county auditor, in the case of a county or city and county that has both formed a public safety finance agency and adopted a local income tax, in the fiscal year that begins during the first taxable year in which a local income tax is imposed, to allocate the cumulative public safety amount, as defined, to a public safety finance agency, and to commensurately reduce the amount of ad valorem property tax revenue allocated to a city and county, the county, and cities in a county by this same amount. This bill would also require the county auditor, in the fiscal year that begins during the first fiscal year in which a county or city and county ceases to impose an income tax, to reduce the total amount of ad valorem property tax revenue allocated to a

public safety finance agency by the adjusted cumulative public safety amount, as defined, and commensurately increase the total amount of ad valorem property tax revenue allocated to a city and county, a county, and cities in the county. This bill would also require that ad valorem property tax revenue allocations in subsequent fiscal years incorporate the allocation adjustments required by the bill, as provided. This bill would also require the governing board of a public safety finance agency to annually allocate these revenues according to a specified formula.

This bill would also provide that if any provision of the bill, or any properly proposed ordinance enacted pursuant to the act, is invalidated by an appellate court, then the remaining provisions of the bill would become inoperative.

This bill would also state legislative findings and declarations regarding the specific public purposes served by specified provisions of the bill.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. Article 4 (commencing with Section 55650) is

7 55650. (a) Any county or city and county may form, by

14 1797.67 of the Health and Safety Code, that provide emergency  
15 medical and trauma care services within the boundaries of the  
16 county or city and county. Moneys allocated for these purposes  
17 shall be distributed according to the following schedule:

18 (A) Sixty percent to reimburse physicians and surgeons for  
19 providing emergency medical and trauma care services, as  
20 described in Section 1797.98a of the Health and Safety Code.

21 (B) Forty percent to hospitals and designated facilities  
22 providing disproportionate trauma and emergency medical care  
23 services, as described in Section 1797.98a of the Health and Safety  
24 Code.

25 (b) In the case of a city, county, or city and county that does not  
26 directly provide the services described in subdivision (a), that  
27 portion of the funds of the public safety agency that are available  
28 for the category of services not directly provided may be made  
29 available only to the outside agency that directly provides that  
30 same category of services within the boundaries of the city, county,  
31 or city and county.

35 (B) The members of the governing body of a public safety  
36 finance agency shall serve in that capacity without compensation  
37 or reimbursement for travel, per diem, or other expenses.

38 (2) When a decision, determination, or other action by the  
39 public safety finance agency formed pursuant to this section is  
40 required by this article, the governing body of that agency may not

1 delegate the obligation to decide, determine, or act to another  
2 entity, unless this article specifically provides for that delegation.

3 (d) The territorial boundaries of a public safety finance agency  
4 are coterminous with the territorial boundaries of the county or

7 section may, in addition to any funds allocated to the agency

17 agency shall establish a separate account for a county, each city  
18 within a county, and a city and county to receive the moneys  
19 allocated to the public safety finance agency pursuant to Section  
20 99.3 of the Revenue and Taxation Code. In each fiscal year in  
21 which a public safety finance agency receives an allocation  
22 pursuant to Section 99.3 of the Revenue and Taxation Code, the  
23 governing body shall deposit in each account an amount equal to  
24 the amount allocated to the agency that is attributable to a  
25 reduction in the amount of property tax revenue allocated,  
26 respectively, to the county, each city within the county, and a city  
27 and county.

2 to the Revenue and Taxation Code, to read:

3  
4 PART 10.1. LOCAL INCOME TAX  
5

6 18201. (a) (1) Any county or city and county that has formed  
7 a public safety finance agency by ordinance pursuant to Section  
8 55650 of the Government Code may levy a general tax upon the  
9 taxable income of any individual who is a resident of the county  
10 or city and county for each taxable year beginning on or after  
11 January 1, 2004. The tax may not exceed an amount equal to the  
12 net tax defined in Section 17039 multiplied by 10 percent.

13 (2) Any ordinance adopted by a county or city and county for  
14 the purpose of levying a tax on income shall be subject to approval  
15 by a majority of the voters voting on that issue at an election.

16 (b) This section may not be construed so as to prohibit the levy  
17 or collection of any otherwise authorized license tax upon a  
18 business measured by or according to gross receipts.

19 18202. A local income tax imposed under this part shall be  
20 administered in the same manner as a tax imposed under Part 10  
21 (commencing with Section 17001). Part 10.2 (commencing with  
22 Section 18401) shall apply to any tax imposed under this part in  
23 the same manner and with the same force and effect and to the full  
24 extent as if the language of that part has been incorporated in full  
25 into this part, except to the extent that any provision is inconsistent  
26 with this part or is not relevant to this part.

27 18203. For purposes of this part, the term “resident” means  
28 an individual who resides in the county or the city and county for  
29 more than six months during the taxable year.

30 18204. (a) (1) The Franchise Tax Board shall revise the  
31 personal income tax returns required to be filed pursuant to Part

33 report and pay a local income tax in accordance with this part. The

35 or city and county of residence.

36 (2) If a taxpayer fails to include the taxpayer’s county or city  
37 and county of residence on the return, the county or city and county  
38 of residence will be the county or city and county as may be  
39 determined by the Franchise Tax Board.

(3) If a taxpayer fails to include a county or city and county of residence on the return as required by paragraph (1), then any adjustment required to make the local income tax assessment on the return shall be treated as arising out of a mathematical error and shall be assessed and collected under Section 19051.

(b) Paragraph (1) of subdivision (a) does not apply with respect to returns for any taxable year beginning on or after January 1 of a calendar year unless the Franchise Tax Board receives notice of approval of a local income tax, as required by Section 99.3, by June 1 of that calendar year.

18205. (a) The Franchise Tax Board shall transmit local income tax revenues and applicable penalties and interest collected pursuant to this part, net of refunds, to the county or the city and county to which the amount due is owing on or before 60 days after the personal income tax return is processed or the income tax is collected, whichever is later.

(b) In the case of a county, the county auditor shall allocate the moneys received by a county pursuant to subdivision (a) among the county and the cities in the county in the manner specified in Section 55652 of the Government Code.

18206. (a) A county or city and county that enacts a local income tax in accordance with this part shall enter into an agreement with the Franchise Tax Board to provide for reimbursement to the Franchise Tax Board of expenses incurred by the Franchise Tax Board to implement and administer this part.

(b) *Any agreement between the Franchise Tax Board and a county or a city and county shall provide that an amount equal to all start-up costs necessary to administer the income tax of that county or city and county imposed pursuant to this part shall be received by the Franchise Tax Board before it incurs any cost associated with the activity permitted by this part on behalf of that county or city and county. For the purposes of this section, start-up costs include, but are not limited to, costs associated with the purchasing of equipment, the development of processes, and labor.*

SEC. 5. Section 19533 of the Revenue and Taxation Code is amended to read:

19533. If the debtor has more than one debt being collected by the Franchise Tax Board and the amount collected by the Franchise Tax Board is insufficient to satisfy the total amount owing, the amount collected shall be applied in the following priority:

1 (a) Payment of any delinquencies transferred for collection  
2 under Article 5 (commencing with Section 19270) of Chapter 5.

3 (b) Payment of any taxes, additions to tax, penalties, interest,  
4 fees, or other amounts due and payable under Part 7.5  
5 (commencing with Section 13201), Part 10 (commencing with  
6 Section 17001), Part 11 (commencing with Section 23001), or this  
7 part.
